For cleaning, use **ONLY** a soft textile brush, cloth or sponge and warm soapy water! Then rinse with clean water.

**Do NOT** use any harsh cleaning agents, abrasive cleaning utensils or pressure washer!

Be sure to clean the DUSC after winter driving to avoid salt damage.

**▲ NOTE:** Surface materials may be subject to fluctuations in color (fading) in the event of prolonged and intensive exposure to sunlight and the elements (e.g. smog, acid rain, etc.)! SW-MOTECH is not responsible for this type of wear!
